MEMORANDUM FOR RECORD

SUBJECT: Idaho National Guard State Education Assistance Program (SEAP)

1. The Adjutant General of the Idaho National Guard has been authorized to provide State funded education assistance to active drilling (non-technician) members of the Idaho National Guard. Funding for this program is provided on a year-to-year basis through the Idaho State Legislature. The State of Idaho Legislative Fiscal Report allotted a total of \$300,000 for the Idaho National Guard to use for Education Assistance during FY 2017.
2. Allotted funds for State FY17 will be distributed based on strength with the Idaho Army National Guard receiving an initial allotment of \$200,000 and the Idaho Air National Guard receiving an initial allotment of \$100,000. Funds will be reassessed after completion of the fall semester and any remaining funds redistributed again for the spring semester based on strength.
3. Active drilling eligible members of the Idaho National Guard will be allowed, effective 01 July 2016, to submit applications through their units to their respective Education Offices. This program is applicable for eligible members of the Idaho National Guard up to \$4,000 reimbursement per state fiscal year. Reimbursement is applicable towards tuition and registration fees for attendance at a public or private institution of higher education in Idaho or vocational education school according to Idaho Code 46-314.
4. Neither the State of Idaho nor the Idaho National Guard is obligated to continue this program or pay out existing obligations if the State does not fund the State Education Assistance Program or if funds are depleted.
