

## Maneuver Areas

- Alpha Maneuver Areas, located on the northwest side of the Orchard Combat Training Center, include 87 square kilometers of varied terrain
- Alpha Areas are versatile for conducting simulated scenarios with light wheeled and heavy armor vehicles.
- Bravo Areas have 85 kilometers of terrain
- Charlie and Delta training areas are located near the southern end of the Orchard Combat Training Center. They span more than 150 kilometers with grass vegetation, rolling hills, basalt-rock outcroppings, and mock villages along Warrior Road.
- Charlie and Delta Areas provide a realistic battlefield environment for Infantry, Scouts, and Armor units to exercise reconnaissance.
- Echo 1 Heavy Maneuver Area is more than 50 kilometers of designated heavy track vehicle maneuver area. It is located inside the Range Road circle, allowing armor units to conduct live-fire exercises.
- Echo 1 also has a tank ditch available for armor units to practice gap crossing.
